Presented by Nationwide®

A pet insurance policy can help you plan for your pet's healthcare and offset costs for unexpected illnesses or injuries. Here's what you need to know before you buy pet insurance.

1

Understand what you're buying

Know what's covered and what isn't before you need it. Also, make sure that you understand how reimbursements and deductibles work.

2

Pick a plan

Do you need a policy for a dog, cat, avian or exotic pet?

Avian & Exotic Pet Plan is available by phone only

3

Choose coverage that works for you

Premiums and reimbursement levels vary, so choose the coverage and price that fits your needs.

4

Enroll pets young and healthy

Pre-existing conditions typically aren't covered by any pet insurer. Enroll pets when they're young and healthy to help ensure maximum lifelong coverage.

5
